Freshen up with beautiful natural light

Your skin never looked smoother thanks to the Philips myBathroom Resort wall light. It depicts skin tones accurately as its quality LED light illuminates brightly through a glass diffuser.

Designed for your bathroom

- True skin colour with high-quality light
- IP44, perfectly suited for your bathroom

Sustainable light solutions

- Philips offers a 5-year warranty on the LED module and driver
- High quality LED light
- Long operating life of up to 15 years
- Warm white light

PHILIPS

Highlights

True skin colour

This Philips bathroom light makes colours reflect in a natural and accurate way, just the way the sun would do.

High quality LED light

The LED technology integrated into this Philips lamp is a unique solution developed by Philips. It turns on instantly, enables an optimal light output and brings out vivid colours in your home.

5-year warranty on LED system

On top of the standard 2-year warranty for this lamp, Philips offers a 5-year warranty on the LED system, meaning the LED module and the driver in this lamp.

IP44 - bathroom-safe

This Philips bathroom light is especially designed for humid environments. It was tested rigorously to ensure its water resistance. The IP level is described by two figures: the first one refers to the protection level against dust, the second against water. This bathroom light is designed with IP44: it is protected against splashing water. This product is most commonly used and ideal for the bathroom.

Long operating life

A light source you can trust. The integrated LEDs used in this Philips LED lamp will last up to 15,000 hours (which equals 15 years on the basis of an average use of 3 hours/day with at least 13,000 on/off switching cycles). It feels so good to think that you won't have to worry about maintenance or light bulb replacement while having the perfect light ambience in your home.

Warm white light

Light can have different colour temperatures, indicated in units called Kelvin (K). Lamps with a low Kelvin value produce a warm, more cosy light, while those with a higher Kelvin value produce a cool, more energising light. This Philips lamp offers warm white light for a cosy atmosphere.

Specifications

Extra feature/accessory incl.

- Anti-glare light source

Design and finishing

- Material: metal
- Colour: chrome

Product dimensions and weight

- Height: 13.6 cm
- Length: 7.1 cm
- Width: 12.2 cm
- Net weight: 0.400 kg

Technical specifications

- Mains power: Range 220 V–240 V, 50-60 Hz
- Bulb technology: LED, Safety Extra Low Voltage
- Number of bulbs: 1
- Wattage bulb included: 4.5 W
- Light colour: warm white
- Total lumen output fixture: 500 lm

- Fixture dimmable: No
- LED
- Lifetime up to: 30,000 hrs
- IP code: IP44, protection against objects bigger than 1 mm, protection from splashed water
- Class of protection: II - double insulated
- Light source equivalent to traditional bulb of: 35 W

Packaging dimensions and weight

- Height: 15.7 cm
- Length: 18.1 cm
- Width: 11.1 cm
- Weight: 0.550 kg

Miscellaneous

- Especially designed for: Bathroom, Living Room and Bedroom
- Style: Contemporary
- Type: Spot light
